2A. Project Detail

1. **CoC Number and Name:** FL-506 - Tallahassee/Leon County CoC
2. **Collaborative Applicant Name:** Apalachee Regional Planning Council
3. **Project Name:** CoC Planning Project Application FY2022
4. **Component Type:** CoC Planning Project Application

2B. Project Description

1. Provide a description that addresses the entire scope of the proposed project and how the Collaborative Applicant will use grant funds to comply with 24 CFR 578.7:

This project supports CoC operations by partially funding staff that support the member organizations within the CoC and the Governance Board. Staff will ensure compliance with 24 CFR 578.7 and support activities to include: continued coordination of continuum services to meet homeless need; the engagement of existing providers and soliciting of new partners; assess current housing priorities and housing solution strategies and develop new objectives to continue to meet and address homeless needs; coordination of annual PIT Count; monitor and evaluate projects and provide feedback to improve project and CoC performance; review system-wide measures and improvement strategies; conduct trainings, run data quality checks and improvement measures within HMIS for all projects including Coordinated Entry; conduct gap analysis and needs assessment; and continue to work with state and local agencies affiliated with the Consolidated Plans within the CoC coverage area in addressing affordable housing challenges.

The CoC will continue to provide and complete tasks consistent with 24 CFR 578.7 and report to the Governance Board on the project outcomes and post statistical information related to the provision of services and how the CoC is performing on its website.

Priorities to address this year will include: (1) the continued expansion of the coordinated entry, assessment and referrals through additional technical assistance and training opportunities, coordination with additional partners, and the use of a prioritized By-Name list; (2) strengthen and expand the CoC multi-county plan targeting the engagement of outer lying rural counties for inclusion and participation in CoC planning; (3) to continue to assess CoC needs and prioritization of goals, grant funding, and performance outcomes; (4) increase training opportunities for CoC funded programs to allow for more consistency in program applications and outcomes; (5) increase provider knowledge and understanding of the impact of performance outcomes on the CoC through data analysis; (6) formalize cross-system partnerships to better address discharge planning by nurturing creative relationships with the department of corrections, county jails and detention centers and hospitals.

2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.

Grant funding will be used to continue to assess, implement, and measure system-wide performances to ensure compliance and plan how to improve programs/systems to address needs and decrease returns to homelessness. Data will be used to assess performance as well as provide a measuring point for the Board & Committee Members to evaluate program success & to plan & prioritize future funding decisions. Quarterly, data is posted to the CoC website & provided at board meetings.

Monthly reporting of the services provided, number of persons served, and funding utilized to track a program's ability to meet goals and objectives and allow the CoC to monitor progress and aid in determining if further assistance is warranted. Outcomes of these reports will be provided to the board, and executive committee members quarterly at meetings.

Monitoring of programs provide opportunity to assess progress as well as compliance and provide technical assistance per project. The CoC established quarterly training dates for HMIS, Invoicing and Reports, and Coordinated Entry. In addition, TA meetings for providers helps to address issues and provide feedback with programmatic questions. If programs require additional assistance to meet program objectives, technical assistance is provided as needed, a corrective action plan will be utilized to guide programs to successful outcomes and compliance. All CoC funded programs are set-up for monitoring during the program year. The CoC will hold regular partner calls and networking events that will keep community partners, provider agencies and the community at large informed of best practices and key topics affecting our system of care. The management plan will target the continued work of implementing the governance plan and the homelessness assistance plan to ensure the needs and targeted resources are aligned; to utilize HMIS and Coordinated Entry data to assess the system-wide ability to address homeless needs, reduce homelessness, achieve priorities of ending chronic and veteran homelessness, and the monitoring of grant funded programs for successful performance outcomes, which includes monthly/quarterly trainings to provide guidance for programs.

We will continue working with local housing authorities to address housing voucher priorities for homeless persons with the development of MoAs. Efforts to address outlying rural county participation in CoC activities include use of remote/virtual and conference calling to meetings, increasing access and participation.

Continued emphasis on analysis and policy development to address racial disparity issues within the coverage area and expand strategies to address the racial disparity identified between those seeking services and those who received them. We will continue with our plan to formalize partnerships with county jails, schools and education programs, hospitals and institutions. We dedicate time and expertise to ensure compliance with ADA accessibility requirements in all or our communications. 3. How will the requested funds improve or maintain the CoC's ability to evaluate the outcome of CoC and ESG projects?

The CoC Governance Board, the Project Review Committee and the CoC partners work in conjunction to evaluate and assess program's ability to perform under grant application and measure the success at meeting outcomes. In an effort to assess programs, a monitoring schedule and a process for monitoring programs performance in accordance with 24 CFR 576 guidelines and the applicant's specified goals for ESG will be conducted annually. Results of the monitoring will be reviewed with providers and outcomes will be posted to the CoC website as well as shared with the the CoC Board within 30 days of completion.

All CoC funded projects will be monitored and evaluated for programmatic and fiscal compliance with targeted emphasis on looking at how well programs are meeting performance expectations and how this aligns with the CoC priorities and system performance measure outcome goals. The CoC will utilize the Project Review Committee to assist in the evaluation of projects seeking future ESG funding to ensure compliance with 24 CFR 576.101 and will review and approve ESG written standards to ensure compliance with HUD's minimum standards. Outcomes of this review, will be made available to the CoC Board, provider programs and summarized in the Quarterly Newsletter.

Project funding will allow staff to continue to assess community-wide needs, analyze performance and target efforts to address better outcomes, and strategize efforts to align projects and funding to further end homelessness through use of CoC and ESG funding. In addition, it will allow for the improved coordination of services for the area homeless and assist with the implementation of on-going and new strategies to target homeless needs. The CoC will continue its collaboration with State and City ESG funders to ensure that community needs are considered when developing funding priorities. A key component to the success of this collaboration is continuing to having representation from our city ESG funders at our governance and needs assessment and planning meetings.

Re: HUD Planning Grant Match Verification FL-506

To whom it may concern,

We are providing this letter as confirmation that the Florida Department of Children and Families' Office on Homelessness holds a current contract with FL-506 Tallahassee/Leon County Continuum of Care through 6/30/2023. One of the allowed uses of these funds is to help support the local Continuum of Care (CoC) in planning costs by using these funds as match for HUD CoC Planning Grants, as needed.

Based on our communication, we understand that the CoC has budgeted \$33,000.00 to be used as cash match for the upcoming CoC Planning Grant.

If you have any additional questions, please do not hesitate to contact me and we will be happy to support in whatever way we can.

Sincerely,
