

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc.
- Questions regarding the FY 2024 CoC Program Competition process must be submitted to CoCNOFO@hud.gov.
- Questions related to e-snaps functionality (e.g., password lockout, access to user's application account, updating Applicant Profile) must be submitted to e-snaps@hud.gov.
- Project applicants are required to have a Unique Entity Identifier (UEI) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2024 Continuum of Care (CoC) Program Competition. For more information see FY 2024 CoC Program Competition NOFO.

2B. Experience of Applicant, Subrecipient(s), and Other Partners

1. Describe your organization's (and subrecipient(s) if applicable) experience in effectively utilizing Federal funds and performing the activities proposed in the application.

Our organization has over three decades of experience effectively managing federal funds in partnership with agencies such as the U.S. Department of Health and Human Services (HHS), the Department of Housing and Urban Development (HUD), and the Office for Victims of Crime (OVC). We consistently deliver impactful outcomes for homeless youth through housing and support programs, demonstrating our commitment to using federal resources efficiently and effectively. Additionally, we have extensive experience supporting survivors of domestic violence (DV), having housed DV survivors through our street outreach and transitional housing teams, as well as through our emergency shelter program. This shelter, funded by government dollars contracted through the Department of Children and Families (DCF), provides critical housing services to youth in DV crisis.

Our Board of Directors and Executive Leadership team, composed of professionals from diverse fields, provides critical oversight to ensure fiscal responsibility and programmatic success.

As a founding member of the Big Bend Continuum of Care (BBCoC), we have successfully utilized BBCoC funding for coordinated entry (CE) and rapid rehousing (RRH) since 2018. Additionally, we have served as a sub-grantee for the HUD-funded Emergency Solutions Grant (ESG) and Challenge Grant, which have allowed us to provide continued housing support to youth transitioning to stable, long-term housing.

All of our programs are nationally accredited by the Council on Accreditation (COA). Over 80% of youth completing our programs report successful placements during follow-up evaluations six months post-completion. We integrate services across our Street Outreach Program, Basic Center Program, and Transitional Living Program to ensure a seamless continuum of care. Our family counseling services and Safe Place program further strengthen our ability to meet the needs of runaway and homeless youth (RHSY).

CCYS is known for providing high-quality services, consistently meeting all contracted outcome standards, and receiving superior rankings in Quality Assurance reviews by the Florida Department of Juvenile Justice (DJJ). Federal BCP Monitoring reviewers have commended our agency for its progressive approach and rock-solid reputation in the community.

Our youth homelessness programming has consistently exceeded its goals, successfully transitioning youth off the streets, providing counseling, and maintaining follow-up services. As a member of the BBCoC and a trained outreach team for coordinated entry, we offer a unified point of access for referrals and services. This ensures seamless communication and unimpeded access across programs, leading to improved outcomes and a higher quality of care for the youth we serve.

2. Describe your organization’s (and subrecipient(s) if applicable) experience in leveraging Federal, State, local and private sector funds.

CCYS has consistently demonstrated innovation and success in leveraging federal, state, local, and private sector funds to enhance services for youth in our community. Our strategic partnerships with local social service providers have allowed us to position our drop-in center as a central hub, serving as a critical resource for both individuals and community organizations daily. This collaborative model strengthens service delivery and maximizes resource sharing.

We have coordinated closely with the Big Bend Continuum of Care (BBCoC) on multiple referral and Coordinated Entry (CE) projects, streamlining our service delivery system. This collaboration ensures that youth have access to comprehensive care, addressing their needs through rapid rehousing (RRH), permanent supportive housing (PSH), and other critical services.

To address unanticipated crises, we have successfully engaged community members through volunteer efforts and giving circles. This community-driven approach allows us to provide immediate and effective responses, maintaining continuity of service during critical moments.

Our ability to secure and utilize a diverse range of funding sources has been key to sustaining and expanding our services. This includes federal funds through the BBCoC, which are supplemented by state and local grants. In addition, we have built strong partnerships in healthcare, including collaborations with Lincoln Medical Center, Big Bend Cares, and the Department of Health (DOH), which have enabled us to offer more comprehensive support to the youth we serve.

Private sector funding also plays a significant role in supporting our work. Donations from individuals, corporations, and foundations provide both operational and programmatic growth, ensuring the long-term sustainability of our services. These combined efforts allow us to maintain a robust service portfolio and adapt to the evolving needs of our community.

3. Describe your organization’s (and subrecipient(s) if applicable) financial management structure.

CCYS maintains a strong financial management structure that ensures compliance and accountability. Governed by an Executive Leadership team and a volunteer Board of Directors, CCYS adheres to Generally Accepted Accounting Principles (GAAP) and implements strict internal controls, including dual-signature checks, fixed asset inventory, and timely recording of financial transactions.

Financial oversight is reinforced by annual independent audits conducted by a CPA firm, with an internal Audit Committee providing additional oversight. The Finance Committee reviews monthly financial reports and provides regular updates to the Board of Directors to ensure fiscal health and transparency. The Performance and Quality Improvement (PQI) Committee, which includes senior leadership, oversees policy development and implementation, ensuring compliance and continuous improvement across all programs.

As a recipient of federal funds, CCYS complies with all reporting requirements and maintains regular communication with the Federal Project Officer to ensure proper oversight and timely adjustments. This structure supports effective management and accountability of transitional housing and RRH programs, ensuring funds are used efficiently and in compliance with federal guidelines.

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

The proposed CCYS Transitional Housing-Rapid Rehousing (TH-RRH) Project is designed to directly address the urgent housing needs of youth ages 16-24, particularly those fleeing domestic violence (DV), with an added focus on LGBTQ youth—a population that the Housing Assistance Program (HAP) has identified as needing more resources.

The project specifically targets youth ages 16-24 who are escaping domestic violence with a focus on LGBTQ individuals who are disproportionately affected by homelessness. We aim to provide housing solutions for both individuals and their dependents. Key programming includes trauma-informed care, life skills training, transitional support to foster housing stability, parenting education, child development resources, and healthcare referrals for both the parent and child. By addressing the specific needs of these at-risk populations, we ensure that they receive the comprehensive support necessary to thrive and avoid unsheltered homelessness.

CCYS employs a housing-first approach, ensuring that youth fleeing domestic violence or experiencing homelessness can immediately transition to stable housing. By leveraging our existing bridge housing program, we swiftly identify and house homeless youth, offering a continuum of care tailored to their needs. The project provides multiple pathways for support, including bridge housing, transitional housing, and rapid rehousing. Transitional housing offers up to 18 months of support (or 21 months in special cases), while RRH provides rental assistance for up to 12 months, helping youth build income and develop essential life skills to sustain long-term housing.

Beyond housing, the project delivers a comprehensive range of supportive services to promote long-term housing stability. Youth have access to case management, financial literacy training, and employment readiness programs, along with healthcare referrals and trauma-informed counseling. For young parents, the project offers parenting education and child development resources, helping them manage family life while working toward stability. The inclusion of a Housing Navigator ensures that participants receive personalized guidance throughout their housing journey, facilitating access to the appropriate level of support based on their individual circumstances.

Our program is uniquely positioned to address the intersectional challenges faced by LGBTQ youth and survivors of domestic violence. We are committed to creating a safe and inclusive environment where these youth can access the support they need without fear of discrimination. This focus not only fills a critical gap in current housing options but also aligns with HAP's identified need for more resources to support LGBTQ youth and DV survivors in crisis.

To meet the growing demand for safe housing options, the project will expand the CoC transitional housing capacity by adding four new units, specifically designated for youth fleeing domestic violence, including pregnant and parenting individuals. This expansion strengthens the local effort to provide more housing options for homeless youth and ensures that they receive the necessary support to transition into permanent, independent housing.

4A. Supportive Services for Participants

1. Describe how program participants will be assisted to obtain and remain in permanent housing.

Note: If applying for DV Bonus or DV Reallocation, you must describe how the project will include trauma-informed, victim-centered approaches in their strategies to assist participants to obtain or remain in permanent housing.

Program participants in the CCYS TH-RRH Project will receive comprehensive, individualized support to secure and maintain permanent housing using trauma-informed, victim-centered strategies. This approach recognizes the effects of chronic trauma, such as domestic violence, and ensures that youth feel safe, respected, and empowered. All staff members are trained to create a therapeutic environment that fosters positive change.

Each participant is assigned a Housing Navigator to guide them through securing appropriate housing, coordinating rental assistance, and navigating lease agreements. For those eligible for rapid rehousing, the project provides rental assistance and support for up to 12 months, giving participants time to stabilize their finances.

Ongoing case management is tailored to individual needs, helping participants develop skills in budgeting, financial literacy, and job searching. Case managers monitor progress and intervene to prevent housing instability. Participants also receive life skills training on household management and building positive relationships with landlords, as well as employment training to secure stable income.

Participants will have access to healthcare referrals, mental health services, substance use treatment, and parenting support to address barriers to housing stability. By combining housing support with essential services, the project helps participants secure long-term housing and build the skills necessary to maintain it.

CCYS uses a trauma-informed approach that recognizes and responds to the symptoms of chronic, interpersonal trauma and traumatic stress. This model not only addresses the mental and behavioral health consequences of trauma but also aims to prevent re-traumatization. Our trauma-informed care ensures that youth feel safe, respected, and empowered throughout their journey to secure permanent housing.

Every program participant receives a personalized service plan that emphasizes their strengths, talents, and abilities, helping them rebuild self-sufficiency, safety, and stability. This is particularly important for survivors of domestic violence and LGBTQ youth, who often face additional layers of trauma. Staff members across all levels of the organization—whether in direct care, outreach, counseling, or administration—undergo continuous training in trauma-informed practices. This ensures that we create and maintain an intentionally therapeutic environment that fosters positive change and resilience in youth.

Our victim-centered approach involves collaborating closely with youth, building trust, and ensuring that they are involved in all decisions about their housing and support services. Staff members engage participants with respect, working together to make choices that align with their needs, values, and goals.

2. Describe the specific plan to coordinate and integrate with other mainstream health, social services, and employment programs for which program participants may be eligible.

The CCYS TH-RRH Project ensures participants have seamless access to mainstream health, social services, and employment programs through a coordinated approach. CCYS maintains Memoranda of Understanding (MOUs) with key local partners, including Big Bend Area Health Education Center, Big Bend Cares, Healthy Start, Apalachee Center, DISC Village, and Lincoln Medical Center. Our collaboration with the Lincoln Center Health Clinic ensures participants receive monthly on-site check-ups, prenatal care, and medical services for infants and children, reducing transportation barriers. Additionally, staff assist youth in enrolling in Medicaid or other low-cost healthcare programs, and for those ineligible, referrals are facilitated to local providers such as the Health Department.

The CCYS TH-RRH Project includes a partnership with Capital Tea, the area's only LGBTQIA+ housing organization, to provide specialized support for transgender youth. We place transgender youth ages 18-24 in Capital Tea's transitional housing units, where they receive targeted care and support. Additionally, Capital Tea's case manager, who is part of the LGBTQ community, works with our youth ages 16-24, helping them navigate their stay in our CCYS transitional housing.

Specialized care, including developmental screenings and well-baby check-ups, is coordinated through Florida State University (FSU). All healthcare services are documented in each youth's Child Client Record, ensuring a comprehensive health record. Most young mothers are enrolled in the WIC program for nutritional support, while CCYS also provides life skills coaching and nutrition education to promote healthy development for both parents and children.

Dental and vision services are available through partnerships with Molar Express and local clinics. These services, along with all other healthcare needs, are integrated into each youth's Individual Care Plan (ICP), developed in consultation with healthcare providers to ensure coordinated care. When additional services are required, CCYS offers transportation assistance and referrals, ensuring that participants receive comprehensive health and wellness support.

Beyond healthcare, CCYS coordinates with local social service agencies to ensure participants have access to essential benefits such as food assistance (SNAP), Temporary Assistance for Needy Families (TANF), and childcare support. Case managers work closely with participants to apply for and maintain eligibility for these programs. Employment support is provided through partnerships with local employment agencies and workforce development programs like CareerSource Florida, offering job training, resume building, and job placement services. Participants are also assisted in enrolling in GED or vocational training programs through local schools and community colleges, with access to financial aid and scholarships as needed.

CCYS's involvement with the Big Bend Continuum of Care (BBCoC) ensures that participants can access the full range of housing services available through coordinated entry, including emergency shelters, transitional housing, and permanent supportive housing. Legal services are also available through local legal aid organizations, helping participants resolve housing-related issues such as evictions or tenant rights, further supporting their ability to secure and maintain permanent housing.

VAWA Budget

VAWA Budget

In FY2024, the Violence Against Women Act (VAWA) has clarified the use of CoC Program funds for VAWA eligible cost categories. These VAWA cost categories can be added to a new project application to create a CoC VAWA Budget Line Item (BLI) in e-snaps and eLOCCS. The BLI will be added to grant agreements and utilized the same as other CoC Program BLIs in e-snaps and eLOCCS. Eligible CoC VAWA costs can be identified in one or both of the following CoC VAWA categories. Examples of eligible costs in these cost categories are identified as follows:

- A. VAWA Emergency Transfer Facilitation. Examples of eligible costs include the costs of assessing, coordinating, approving, denying, and implementing a survivor’s emergency transfer(s). Additional details of eligible costs include:
- Moving Costs. Assistance with reasonable moving costs to move survivors for an emergency transfer(s).
 - Travel Costs. Assistance with reasonable travel costs for survivors and their families to travel for an emergency transfer(s). This may include travel costs to locations outside of your CoC’s geography.
 - Security Deposits. Grant funds can be used to pay for security deposits of the safe unit the survivor is transferring to via an emergency transfer(s).
 - Utilities. Grant funds can be used to pay for costs of establishing utility assistance in the safe unit the survivor is transferring to.
 - Housing Fees. Grant funds can be used to pay fees associated with getting survivors into a safe unit via emergency transfer(s), including but not limited to application fees, broker fees, holding fees, trash fees, pet fees where the person believes they need their pet to be safe, etc.
 - Case Management. Grant funds can be used to pay staff time necessary to assess, coordinate, and implement emergency transfer(s).
 - Housing Navigation. Grant funds can be used to pay staff time necessary to identify safe units and facilitate moves into housing for survivors through emergency transfer(s).
 - Technology to make an available unit safe. Grant funds can be used to pay for technology that the individual believes is needed to make the unit safe, including but not limited to doorbell cameras, security systems, phone, and internet service when necessary to support security systems for the unit, etc.
- B. VAWA Confidentiality Requirements. Examples of eligible costs for ensuring compliance with VAWA confidentiality requirements include:
- Monitoring and evaluating compliance.
 - Developing and implementing strategies for corrective actions and remedies to ensure compliance.
 - Program evaluation of confidentiality policies, practices, and procedures.
 - Training on compliance with VAWA confidentiality requirements.
 - Reporting to CoC Collaborative Applicant, HUD, and other interested parties on compliance with VAWA confidentiality requirements.
 - Costs for establishing methodology to protect survivor information.
 - Staff time associated with maintaining adherence to VAWA confidentiality requirements.
