

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc.
- Questions regarding the FY 2024 CoC Program Competition process must be submitted to CoCNOFO@hud.gov.
- Questions related to e-snaps functionality (e.g., password lockout, access to user's application account, updating Applicant Profile) must be submitted to e-snaps@hud.gov.
- Project applicants are required to have a Unique Entity Identifier (UEI) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2024 Continuum of Care (CoC) Program Competition. For more information see FY 2024 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2024 CoC Program NOFO and the FY 2024 General Section NOFO.
- Detailed instructions and e-snaps navigation guides can be found on the hud.gov website https://www.hud.gov/program_offices/comm_planning/coc/competition. The Detailed Instructions contain more comprehensive instructions and so should be used in tandem with the navigational guides.
- New projects may only be submitted as either Reallocated, Bonus Projects, Reallocated + Bonus, DV Bonus or DV Reallocation. These funding methods are determined in collaboration with local CoC and it is critical that applicants indicate the correct funding method. Project applicants must communicate with their CoC to make sure that the CoC submissions reflect the same funding method. Please review the NOFO for eligibility standards.
- YHDP projects that are eligible for renewal under the CoC program may only use the YHDP Renewal or YHDP Replacement and Reallocation funding opportunities. Please review the NOFO for eligibility standards.
- Before completing the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- HUD reserves the right to reduce or reject any new project that fails to adhere to 24 CFR part 578 and application requirements set forth in FY 2024 CoC Program Competition NOFO.

2B. Experience of Applicant, Subrecipient(s), and Other Partners

1. Describe your organization’s (and subrecipient(s) if applicable) experience in effectively utilizing Federal funds and performing the activities proposed in the application.

Since the inception of CESC, Inc. in 2015, the organization has served over 15,000 people experiencing or at risk for homelessness in the eight-county Big Bend Region of Florida. Our comprehensive wrap-around services are designed to respond to people's immediate needs while working to obtain permanent housing. As part of the CESC, Inc. parent organization, the Kearney Center serves as a one-stop shop for those in need, providing overnight shelter and daytime services that connect clients with social service providers, case management, and housing-focused programs. The most basic needs, such as a warm shower, hot meal, and clean clothes, are provided alongside information and referrals to a variety of social service agencies in our community. The Kearney Center provides space for State, Federal, and local government agencies, non-profits, and faith-based organizations to co-locate and provide wrap-around services for clients.

We have consistently been supported by Federal funds through our partnership with the Big Bend Continuum of Care and have effectively used them to achieve our goal of transitioning clients as quickly as possible to permanent housing solutions that are safe, decent, affordable, and accessible.

We serve nearly 2,000 unduplicated clients per year, including those who are chronically homeless, veterans, domestic violence and human trafficking survivors, and other adults experiencing homelessness.

2. Describe your organization’s (and subrecipient(s) if applicable) experience in leveraging Federal, State, local and private sector funds.

Funding for CESC, Inc. comes from a variety of sources, including the United Way, City of Tallahassee, Department of Children and Families, Big Bend Continuum of Care, Leon County, and Second Harvest. Our largest funder is the Department of Children and Families. We also receive funding through a collaboration between the City of Tallahassee and the Leon County government called the Community Human Service Partnership (CHSP). These funds provide support for our case management and emergency shelter/direct care services. Finally, our extensive public and private partnership network provides in-kind services to increase the impact and reach of our organization. We have experience in raising match funds, as is often a requirement for many grant programs.

3. Describe your organization's (and subrecipient(s) if applicable) financial management structure.

CESSC, Inc. employs an accountant/bookkeeper who takes care of the day-to-day accounting needs of the organization, including end-of-month and end-of-year reconciliation, grant reporting, cash disbursements, and gift processing.

We utilize the QuickBooks accounting system that is operated in accordance with generally accepted accounting principles. The organization has written financial policies and procedures that mandate several internal control safeguards to ensure that federal funds are used solely for authorized purposes and that financial transactions are properly appropriated, executed, and recorded. 3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

CESSC, Inc. is requesting a total of \$370,000 in funding to provide 12 months of rapid rehousing assistance to our target populations, including the hiring of a new Housing Navigator and Housing Case Manager and rental assistance for 75 individuals. The target populations for this project are chronically homeless individuals, veterans, domestic violence and human trafficking survivors, and other individuals experiencing or at risk for homelessness in the Tallahassee/Big Bend Region.

We anticipate using the CoC funds to provide \$250,000 in rental assistance to 75 individuals over a 12-month period. Funds will be used for security deposits, application fees, and first and last month's rent, when required. This will be especially impactful for people who have significant barriers to housing, like past evictions or a criminal history. Landlords will be more likely to rent to a person who is able to put down a significant amount of collateral up front. Instead of providing monthly assistance, we will provide each client with funds up to \$3,400, depending on their needs.

The new Housing Navigator and Rapid Re-housing Case Manager will assist clients in navigating the processes necessary to obtain and retain stable housing, referring clients to local resources for housing needs such as income, employment, and mental health regulation while conducting assessments and creating a housing case plan to fit each client's strengths and unique housing needs. We provide services using the Housing First model - clients are offered housing opportunities with no programmatic preconditions such as a demonstration of sobriety, completion of alcohol or drug treatment, or agreeing to comply with a treatment regimen upon entry into the program. We do not screen out applicants with the greatest barriers to housing, such as having no or very low income, poor rental history and past evictions, or criminal histories. While supportive services are readily available, clients are not required to utilize any to access housing opportunities. Supportive services are proactively offered to help tenants achieve and maintain housing stability, but tenants are not required to participate in services as a condition of tenancy.

By the end of the 12-month grant period, 75 individuals will have gained stable housing through CESC's Rapid Re-Housing program. For these individuals, we have the following objectives: (1) Less than 21% of individuals receiving rapid re-housing assistance with return to homelessness within 6 months, (2) less than 33% of individuals receiving rapid re-housing assistance will return to homelessness within two years, and (3) placements to permanent housing from rapid re-housing will be greater than 30%.

2. For each primary project location, or structure, enter the number of days from the execution of the grant agreement that each of the following milestones will occur if this project is selected for conditional award.

4A. Supportive Services for Participants

1. Describe how program participants will be assisted to obtain and remain in permanent housing.

Note: If applying for DV Bonus or DV Reallocation, you must describe how the project will include trauma-informed, victim-centered approaches in their strategies to assist participants to obtain or remain in permanent housing.

The Housing Case Manager will meet with an assigned client within two weeks of their intake at CESC, Inc. The Housing Case Manager will explore the client's background, begin building rapport, and collaborate with the client to create a housing plan. In addition, the Housing Case Manager will explore the client's housing goals, assess any housing barriers, and provide the client with the next steps in their housing plan. During this first appointment, the Housing Case Manager will complete the PromisSE ROI, Coordinated Entry Assessment, and VI-SPDAT.

The client will complete the ProimisSE ROI to provide permission to the Housing Case Manager to discuss client information as it relates to the client's housing plans and achieving stable housing. Approval of the ROI allows the Housing Case Manager to discuss client information with landlords and other service providers, make referrals, and conduct other activities that involve sharing client information. Upon completing the ROI, the client will complete the BBCoC Coordinated Entry Pre-Screening which provides detailed information about their background, experience with homelessness, income, medical information, and benefit information. Finally, the Housing Case Manager will conduct the VI-SPDAT vulnerability survey with the client to determine the most appropriate form of housing assistance. Scores between 4-7 recommend rapid re-housing, upon which the requested grant funds would be used to move the client as quickly as possible into an appropriate housing situation. Housing Case Managers are expected to follow up with their clients to obtain updates about their housing plan progress.

The Housing Navigator will act as a guide and support system to the client throughout their transition to housing, coordinating preparations for move-in such as transportation, moving supplies, lease education, and unit inspections. In addition, the Housing Navigator will work to identify properties that will accept program funding and accommodate clients' unique needs while strengthening community relationships to build an inventory of housing units available to clients. Once the client is housed, the Housing Navigator will conduct monthly follow-up visits for up to three months, then again at one year, to ensure the client has remained housed. Regarded as "light touch" case management, follow-up visits are conducted to ensure housing retainment by linking clients with needed resources and additional assistance if necessary.

2. Describe the specific plan to coordinate and integrate with other mainstream health, social services, and employment programs for which program participants may be eligible.

In collaboration with a number of partner agencies in the Tallahassee community, CESC, Inc. offers a myriad of services to support client goals of independence and well-being, helping them to obtain the benefits for which they are eligible, obtain and increase employment income, increase non-employment income, social services, and healthcare benefits and resources. The following organizations are on-site at the Kearney Center at least once a week to provide wrap-around services for program participants. Clients are not required to participate in or utilize any of these services in order to gain housing assistance.

CESC, Inc. also provides free in-house medical care. Services offered by our Evening Nurse Clinic include first aid, assessment of vital signs, diabetic monitoring, glucose testing, over-the-counter medications, and medication assistance. In partnership with Tallahassee Memorial Healthcare, the TMH Transition Center provides medical services for clients including filling prescriptions and helping clients find a primary care physician to ensure continued health. Using video conferencing technology (telehealth), TMH connects clients to clinicians for minor and non-urgent medical needs instead of going to a primary care physician or emergency room. Telemedicine services can connect clients to medical providers including family practice doctors, internists, dermatologists, and specialists. In addition, a medical case manager helps connect clients with necessary resources and helps to support them in maintaining or recovering their health.

VAWA Budget

VAWA Budget

In FY2024, the Violence Against Women Act (VAWA) has clarified the use of CoC Program funds for VAWA eligible cost categories. These VAWA cost categories can be added to a new project application to create a CoC VAWA Budget Line Item (BLI) in e-snaps and eLOCCS. The BLI will be added to grant agreements and utilized the same as other CoC Program BLIs in e-snaps and eLOCCS. Eligible CoC VAWA costs can be identified in one or both of the following CoC VAWA categories. Examples of eligible costs in these cost categories are identified as follows:

- A. VAWA Emergency Transfer Facilitation. Examples of eligible costs include the costs of assessing, coordinating, approving, denying, and implementing a survivor’s emergency transfer(s). Additional details of eligible costs include:
- Moving Costs. Assistance with reasonable moving costs to move survivors for an emergency transfer(s).
 - Travel Costs. Assistance with reasonable travel costs for survivors and their families to travel for an emergency transfer(s). This may include travel costs to locations outside of your CoC’s geography.
 - Security Deposits. Grant funds can be used to pay for security deposits of the safe unit the survivor is transferring to via an emergency transfer(s).
 - Utilities. Grant funds can be used to pay for costs of establishing utility assistance in the safe unit the survivor is transferring to.
 - Housing Fees. Grant funds can be used to pay fees associated with getting survivors into a safe unit via emergency transfer(s), including but not limited to application fees, broker fees, holding fees, trash fees, pet fees where the person believes they need their pet to be safe, etc.
 - Case Management. Grant funds can be used to pay staff time necessary to assess, coordinate, and implement emergency transfer(s).
 - Housing Navigation. Grant funds can be used to pay staff time necessary to identify safe units and facilitate moves into housing for survivors through emergency transfer(s).
 - Technology to make an available unit safe. Grant funds can be used to pay for technology that the individual believes is needed to make the unit safe, including but not limited to doorbell cameras, security systems, phone, and internet service when necessary to support security systems for the unit, etc.
- B. VAWA Confidentiality Requirements. Examples of eligible costs for ensuring compliance with VAWA confidentiality requirements include:
- Monitoring and evaluating compliance.
 - Developing and implementing strategies for corrective actions and remedies to ensure compliance.
 - Program evaluation of confidentiality policies, practices, and procedures.
 - Training on compliance with VAWA confidentiality requirements.
 - Reporting to CoC Collaborative Applicant, HUD, and other interested parties on compliance with VAWA confidentiality requirements.
 - Costs for establishing methodology to protect survivor information.
 - Staff time associated with maintaining adherence to VAWA confidentiality requirements.
